

Hi Shari,

We have transitioned over to prioritize individuals over 65 at our clinics beginning February 10. Those that are over 65 can visit the City of Franklin website (www.franklinwi.gov) for information on how to schedule themselves for our upcoming clinics. Keep in mind vaccine supply is extremely limited and we are only scheduling clinics for vaccine we currently have on hand to avoid having to cancel appointments.

Additional clinics will be added to this list weekly (most likely on Mondays) as more vaccine becomes available to us and appointments will be taken on a first come first serve basis.

Spiritual Care Providers are defined by the State as those that personally visit hospitals or homes of ill individuals and provide direct consult or prayer. If there are individuals that meet that definition they would qualify as eligible and they can call us to see where we can try to fit them in to our clinics.

We have no anticipated start date at this point for the list of Phase 1B individuals as we need to be almost through our senior population to move forward.

Courtney Day, RN, BSN
