## Congratulations!

Sacred Heart is excited to announce the publication of a book review by Dr. Jeremy Blackwood that has appeared in *Theological Studies Journal*!

Citation:

Blackwood, Jeremy. 2020. Review of *Everything Is Interconnected: Towards a Globalization with a Human Face and an Integral Ecology*, by Joseph Ogbonnaya and Lucas Briola, *Theological Studies Journal* 81, no. 3 (September): 768-769.

Dr. Blackwood writes in his book review, “Overall, the text is an opportunity for readers to see how a perspective some would consider an insular scholarly subset can address some of the most pressing issues of our day. The challenge lies in the hurdle presented by the systematic framework itself: while not all are convinced of the vitality of Lonergan’s perspective, this collection of essays shows its flexibility, depth, and continued relevance, especially insofar as it is developed by Doran and those following in his footsteps.”

Congratulations, Dr. Blackwood!
